Joint Leadership Message

2020 Vacation Shutdown Cancelled

May 11, 2020 – Because of the COVID-19 pandemic disruptions to GM operations, our ability to meet customer demand has been severely impacted. Therefore, Fort Wayne Assembly is canceling the Summer 2020 Vacation Shut Down Period. All employees will have their held vacation time returned to them, and they will be able to reschedule their vacation using the normal vacation application process.

The days associated with the previously announced Vacation Shutdown Period – June 29 through July 3, 2020 – will be treated as regular production days and vacation will be approved up to the percentages identified in the Local Agreement.

The company will work to the best of its ability to try to accommodate individuals who have valid, pre-paid reservations.

If you have questions, please contact Labor Relations.
