## • IN-PROGRESSION ORIENTATION

Make up orientations have begun for those who never received it in its entirety. If you only received the one day back when you hired in, you are on the list for makeup. These makeup sessions are only because you never got yours the first time, not for any other reason that may be circulating on the floor. We did not forget about you, however during that time frame, temps and some in progression were leaving faster than we could hire them. Those dynamics have changed, and the membership has somewhat stabilized, so your UAW trainers will continue this orientation until everyone has completed it, thanks for your patience.
