THE SCHOLARSHIP PROGRAM

The Richard T. Gosser Scholarship Program was established in the year of 1962 for the purpose of assisting sons, daughters, and legal wards of members of participating local UAW Unions to obtain undergraduate education and thereby utilize their talents to the fullest extent to better serve humanity.

OBJECTIVE

The importance of intensified education in every field of endeavor becomes more apparent with the technological advances of America's automation bound industry.

The day of the unskilled, untrained, uneducated workers is fast disappearing. The tempo of the 20th Century has created highly competitive markets demanding skilled technicians and administrative personnel. This personnel can be created only by the intense concentration on advanced education by our younger generations.

OUR NAME

The Scholarship Program was named in honor of Richard T. Gosser, one of America's greatest Labor leaders, who unselfishly dedicated his life to help those who work for a living obtain a greater stature in life and thereby become more responsible citizens in their community.

Recognizing that the youth of today will have the responsibility of leadership in government and business in the future, Richard T. Gosser advocates that only through education and complete understanding of the problems confronting our great country can we hope to solve those problems and provide jobs for the coming generations as well as the present.

ANNUAL AWARDS

Each year several scholarships are awarded to a son, daughter, or ward of a paid up UAW member who has acquired some seniority in a plant represented by a participating local union, whose Local Union has been participating in the Scholarship Program prior to the deadline for filing applications.

LOCAL UNIONS PARTICIPATING

Any UAW Local Union in Region 2-B may participate by paying a one time fee of sixty cents (60¢) per member into the Richard T. Gosser Scholarship Program Fund.

A Local Union must have participated in the Scholarship Program prior to the date of the application deadline before Scholarship applications will be accepted from their Local Union.

SCHOLARSHIP FUND TRUSTEES

The Trustees of the Program are responsible for the payment of the awards and for the payment of all other expenses necessary to the administration of the Program. They will make available to the participating Local Unions the necessary information and applications. They will make available to the applicants the necessary information as to the examination procedures upon receiving the application.

The Trustees may from time to time review the rules of the Program and may make the changes, deletions or additions they may deem advisable to improve the Program.

Periodically the Trustees will examine the financial status of the fund and may create additional scholarship awards, or they may reduce the number of awards if, in their opinion, there are insufficient qualified applicants or funds.

SELECTION COMMITTEE

An impartial Selection Committee comprised of prominent persons will make the final selection of the award winners and the alternates.

This Committee will always have at least one (1) educator who is professionally qualified to interpret the test scores. They have the responsibility of rounding out the picture on each candidate. They will relate the ACT test scores to the other information such as rank in Class, high school record, extracurricular interests, leadership abilities, personality traits, and letters of recommendation from their local High Schools.

The scholarship will thereon be suspended while the holder is in the armed services and will be reinstated upon the Trustees receiving written notice of his/her release, providing that the other conditions stated herein are met for the continuance of the scholarship.

ADMISSION TO COLLEGE

The winner of a Richard T. Gosser Scholarship may select any accredited college and pursue any course.

The process of applying for admission to a college, meeting the college's entrance requirements, and gaining admission to the college is the responsibility of the applicant.

The applicant must furnish the Scholarship Trustees with a copy of their letter of acceptance to an accredited college. (Upon request our office will make a copy and return the original to the applicant.)

A recipient of a scholarship, who for any reason is no longer registered to attend an accredited college or university or who is required for any reason to cease attending an accredited college or university so as to prevent the satisfactory completion of the quarter or semester then in effect, shall notify the Program in writing within six (6) months of that occurrence. Within one (1) year of said notification in writing as required the recipient must notify the Program in writing that he or she is satisfactorily registered or is satisfactorily attending an accredited college or university. Failure to comply with either of the aforesaid requirements will, at the Trustees' discretion, result in a forfeiture of the recipient's Scholarship.
